1-shaft size to be extracted from federated model
2-contractor must take in consideration as built dimensions and conditions prior execution
3- FFL Levels shall match the federated model levels and as per site conditions
4- Elevator Car Sizes/**dimensions** and Floors Being Served by the Elevators shall be as per approved TBE and further to OTIS letter **TQ-05809** and lift deviation letter ref:**TQ-OPE-MBL-JCDC-01330**
5- car interior finishes shall be submitted in a separate submission for approval
6-HOISTWAY PRESSURIZATION is not provided contractor shall confirm its requirement prior execution
7-Contractor to update the missing reference when submitting the coordination drawing with wall finishing
8-hoistway entrance to be verified by contractor by the contractor to align with OTIS proposed drawings
9-stair ladder shall be submitted separately for approval
Structural comments:
8-Structural design of brackets including their anchor bolts into the concrete walls for the lift loads is to be submitted for checking and approval.
Otherwise, evident for its adequacy is to be provided.

Disclaimer :K&A Khatib Alami – Saudi Consolidated Engineering review and/or approval does not relieve the Contractor from obligation to adhere to Contract Documents. The Contractor remains fully responsible for the accuracy, completeness, coordination, and compliance of all submitted documents and works

No objection from Electrical side with the following general comments:
1.Contractor to clarify lighting supply requirements and provide locations and provisions for shaft lighting, cabin lighting. emergency lighting, and ventilation fans.
2.Contractor to confirm compatibility with other interfaced systems within the project: BMS, PMS, CCTV, Fire alarm system, Intercom, and cabin speakers as noted on drawings.
3.Contractor to submit wiring diagrams for controller, car operating panel (COP), hall position indicators (HBP), and emergency & inspection panels (E&I).
4.Contractor to clarify the requirements for pit inspection reset switch and fireman service switch installations. (If any Contractor to Provide grounding and earthing details for elevator equipment, guide rails, and machine component.
